Art and Artist Information

About the Art:

Name of piece: *Hunting for Breakfast in the Rouge*

Medium used: *Acrylic on Canvas*

When it was completed: Summer 2020

How does this capture the essence of our collective home: South Rosebank?

The think that completely inspires me about South Rosebank is the beauty and nature that surrounds us. During the summer my dog and I walk down by the lake each day and many morning the heron was hunting for breakfast in the shallow waters of the Rouge Marsh.
