## Art and Artist Information

### About the Art:

Name of piece: *The Birds of Rosebank*

Medium used: *Digital Art*

When it was completed: *September 23, 2020*

How does this capture the essence of our collective home: South Rosebank?

*I grew up on Rosebank, and while stuck inside for four months in the middle of a pandemic, I began to watch the birds that would come to my window. I spotted each of the birds featured in my piece either from my window or backyard. This digital drawing is a tribute to those months, and the birds that got me through it.*
