How does this capture the essence of our collective home: South Rosebank?

Our home in South Rosebank has beautiful trails, bridges and landscape along Lake Ontario. I wanted to depict this beauty in my painting. Not many neighborhoods have these amazing features as our does so we should embrace the beauty of this place.

How did you develop your artistic talents?

My favourite medium to work with is watercolour so I knew I would use with this painting. I have also taken art classes at school so I learn most of my skills from there. I enjoy painting and drawing!
